From (Name) R.Littlehailes Esq, M.A., M.L.C.,

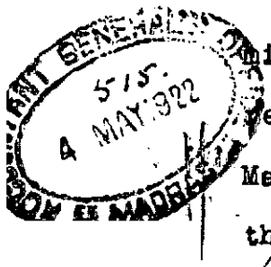
(Designation) Director of Public Instruction, Madras.

To The Secretary to the Government of Madras,

L a w /Education/ Department.

Sir,

In their order No.208 (P) Home(Education) dated 12-2-20 Government approved my proposals in regard to the Medical Inspection of Secondary Schools under the management of local or private bodies and in their order No.1014 Home(Education) dated 4-9-1920 they sanctioned the deputation of three specially -- trained Assistant Surgeons to conduct the Medical Inspection of pupils in Government Secondary Schools. When, however, the Inspectress of Girls Schools, western Circle, enquired in her endorsement R.C.No.45 G1 dated 13-9-1920 whether Miss Janaki the Lady Apothecary in charge of the Government Women and --- Children Hospital, Mangalore, might be instructed to inspect the girls of the Government Secondary and Training School for ---



mistresses, Mangalore, the proposal based as it was on the recommendation of the District [illegible] and Sanitary Officer, Mangalore, was approved apparently through inadvertance by the then Deputy Director Mr. Statham. The lady Apothecary accordingly examined 121 students in all in the school and she has asked for the payment of a remuneration of Rs. 90-12-0, calculated at the rate of 12 annas per pupil.

In these circumstances I have the honour to request that Government willbe pleased to sanction the remuneration of Rs. 90-12-0 to Miss Janaki as a special case.

2. The expenditure can be met from the allotment provided in the current year's budget under "31 D(b) Education-Spl. Training School for mistresses-Contingencies-Medical Inspectio

3. I have since ordered the discontinuance of the Medical Inspection to the school by the lady Apothecary and I am also issuing the necessary instructions to the Superintendent of the school to collect the special fee prescribed in para 4 of G.O.No. 1014 Home(Education) dated 4-9-1920 from the stu-

2. As regards the rate of remuneration proposed, Viz 12 as per pupil, this rate has apparently been asked for on the basis of the remarks of the D.P.I. in para 5 of his letter on page 1 of G.O. 208 Medical & 12.2.20, where it is stated that from the information furnished by Inspecting officers) to the D.P.I. the average cost of (medical) inspection incurred by heads of schools comes to about 12 as per pupil for first inspection. This average cost evidently includes the expenses incurred by heads of schools in rural areas on account of bringing medical officers from distant stations. It is not clear whether the average cost of 12 as should be taken as a standard rate.
